*** PLAYING LEVELS / RATINGS:**

A Player (4.0 & above): You have developed your use of power, spin, and can handle pace. You have sound footwork; can control depth of shots, and attempt to vary game plan according to your opponents. You can hit first serves with power and accuracy and place the second serve. You tend to over hit on difficult shots. Aggressive net play is common in doubles.

B+ Player (3.5): You have dependable strokes, including directional control and depth on both forehand and backhand sides on moderate-paced shots. You can use lobs, overheads, approach shots and volleys with some success and occasionally force errors when serving. Rallies may be lost due to impatience. Teamwork in doubles is evident.

B- Player (3.0): You have achieved improved stroke dependability with directional control on moderate shots, but need to develop depth and variety. You exhibit more aggressive net play, have improved court coverage and are developing teamwork in doubles.

C Player (2.5): You are consistent when hitting medium-paced shots, but are not comfortable with all strokes and lack execution when trying for direction directional control, depth, or power. Your most common formation is one-up, one-back.
